ILLUSTRATION & DESIGN COMMUNICATION

The Ravensbourne MA Illustration & Design Communication students invite you to join us at our Graduate show in the heart of London's Design District. As emerging creative professionals our intention is to inspire, inform, and provoke thoughts and actions. The diversity of our cohort is reflected in the breadth of perspectives, contemporary issues and wider content explored.

The show represents work of extended research projects: each started with an individual interest or passion and developed with consideration of existing research, design methodologies, target audiences, and ethics.

Through innovation in the form and content of our work, we hope to start and continue conversations. As creatives, we focus on storytelling, communicating concepts and issues, in the pursuit of making work which is important to us and hopefully others. The show invites you to immerse yourself in a diverse range of topics such as cultural representation in the media, children's fairy tales, and the queer club experience.

Our practice responds to the fast-paced, ever-evolving creative landscape. Join us as we embark on our respective futures, launching not only our work but also ourselves into the world.
