

Hello,

We are writing to you in regards towho would like to attend our Fashion Summer School here at Ravensbourne University London on the **24th – 25th June 2024**.

We are running a number of participatory and creative summer schools this year, and some fall during term-time. We have programmed them this way, as in the past we have had more engagement from young people during term time.

All our projects have creative careers advice at their core and are designed to meet the Gatsby Benchmarks.

Our summer schools meet G4 – Linking curriculum learning to careers, G6 – Experiences of workplaces, G7- Encounters with further and higher education and G8 – Personal guidance.

Our projects are also designed to educate young people about their future career and education options as well as a really exciting, creative, and experimental experience.

Please can you excuse your student from their timetable so they can attend the summer school programme.

If you need proof of their attendance, we can confirm with you

If you have any questions or comments please get in touch with us outreach@rave.ac.uk .
