Welcome

Dear Graduate,

After a truly incredible year, I am delighted to welcome you and your guests to the 2025 graduation ceremony of Ravensbourne University London. Today, we celebrate all that you have achieved, and we recognise the vital support that those around you have provided during your degree.

It is undeniable that it has taken not only hard work, but grit, determination, and creativity to complete your degree. As you progress to the next exciting stage in life – whether that is further study or entering the working world – you should do so with confidence and pride. Regardless of what the future may hold for you; you should all remember that you have immense strength and tenacity which have helped you to succeed. We are proud to celebrate the whole class of 2025 for your perseverance.

This cohort will be joining notable alumni and thought leaders – such as Richard Howarth and Andi Osho – who have previously completed studies at Ravensbourne and gone on to shine in their respective fields. Throughout your time here, we have encouraged you to utilise the talent and industry links around you. We hope that you'll maintain the amazing connections that you've made and continue to discover how interdisciplinary collaboration can enrich your career.

We would like to continue to be a part of your journey and see what you get up to next; we really enjoy celebrating the many achievements of our alumni. Please do keep in touch and remember that we are always here to offer career guidance and post-study opportunities.

On behalf of everyone at Ravensbourne, I give you our heartfelt congratulations. I wish you the very best for the future and am entirely confident that you will all go on to achieve amazing things. Great opportunities await you and you can trust that you have the skills and determination to seize them.

I hope you and your loved ones make some wonderful memories today that you can cherish for years to come.

Best wishes,

Jon Kingsbury
Vice Chancellor
Ravensbourne University London

Year in reflection

As well as representing a fond farewell to a cohort of students, Graduation at Ravensbourne is also an invaluable opportunity to reflect on some of the inspiring achievements and accolades attributed to our highly-coveted pool of talented students. 2025 has been no different, with final-year students once again demonstrating the award-winning pedigree with which the University's student body has become synonymous.

Students from the BA (Hons) Architecture course were invited to share their final major projects at the home of the Royal Institute of British Architecture (RIBA) 'Festival of the Future'. A key event in the architectural calendar, the Festival of the Future provided a showcase for Ravensbourne students to demonstrate years of hard work and further engage with esteemed industry colleagues.

Meanwhile, Fashion students seized the opportunity to showcase their final-year work to some of the sector's leading global names at an annual industry breakfast event. Held at London's stylish 180 Studios, the creativity and ingenuity of Ravensbourne's students was on full display as high-profile brands such as Ralph Lauren, Anthropologie, Urbn and Puig watched on. Gurmit Matharu, Head of Fashion at

Ravensbourne, commented: "This event, in particular, offers students a valuable opportunity to confidently present and discuss their work while gaining insight and feedback from leading industry brands."

It was also yet another bumper year for students in Ravensbourne's Department of Design, with five students receiving New Blood D&AD 'pencils' marking a continuation of the University's success in those particular awards. BA (Hons) Advertising and Brand Design course leader, Paula Williams, said: "New Blood creates portfolio-ready projects and winning a D&AD New Blood Pencil (from the 6000 entries) is globally respected by the creative industry."

Furthermore, students from across Ravensbourne's course portfolio took part in a highly successful four-week residency at globally renowned agency Uncommon Creative Studio. Their visionary ideas which reimagined aspects of Britain's cultural and visual heritage were lauded by peers, faculty and industry alike.

In another celebration of excellence, students from the BA (Hons) Digital Film Production course capped their time at Ravensbourne by seeing their final major projects as intended: on the silver screen at London's iconic Curzon cinema in Soho. As proprietors not only of a chain of cinemas but also an Academy Award-winning distribution company, Curzon's hosting of the third iteration of this annual screening is a testament to the pedigree of excellence in Ravensbourne's final-year cohorts. Course leader James Davis said: "What's struck me most is the hard work, creativity, commitment, passion and dedication. In a world where machines can increasingly take jobs away from the creative industries, it's this commitment to telling stories that deal with the human condition from the unique perspective of human individuals that's of more value than ever."

Whether winning awards or displaying their work to global industry leaders, Ravensbourne's Class of 2025 have ensured that it was yet another red letter year for those who wish to shape the creative, business and technology industries of tomorrow.

Honorary Fellow

Anna Rigoli

Anna is a Director at The Thomas Saunders Partnership (TTSP), with twenty years' experience in urban design and architectural practice across Europe. Anna studied at Politecnico di Milano, one of Europe's most prestigious architecture and design institutions. Her education provided rigorous grounding in architectural theory, design and urbanism, which she further developed through early experience working alongside leading practitioners in Milan. She relocated from Italy to London to contribute to many high-profile, large-scale urban design and regeneration projects across the UK and continental Europe.

Anna joined TTSP in 2007 as an architect and has played a pivotal role in the evolution of the practice. Over time, her responsibilities expanded beyond project delivery to encompass leadership and strategy, culminating in her appointment to the Board of Directors in 2022. As Director of Architecture, Anna's division oversees multidisciplinary teams delivering architectural and interior-led projects.

Known for sharp design sensibility, collaborative spirit and a passion for photography, Anna's approach is creative yet pragmatic. Her leadership has been instrumental in projects such as refurbishing the Aviva Headquarters in London, transforming St. Helen's Tower and revitalising historic buildings in the Shoreditch Conservation Area as part of Aviva's digital campus.

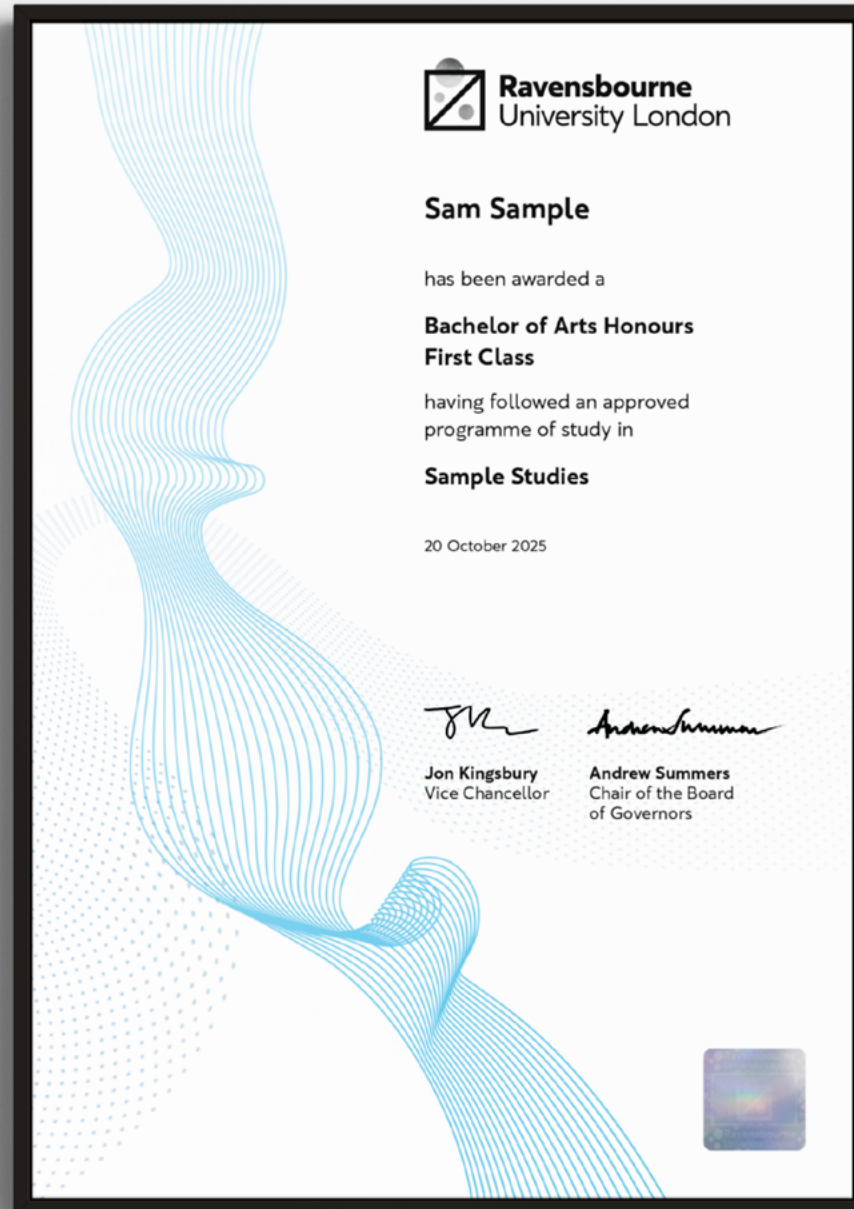

Anna has recently led the design and planning for a campus development in East India Dock, securing planning consent for a new build £450 million scheme and a £400million refurbishment in collaboration with a global technology client.

Anna is a strong advocate for emerging talent, leading TTSP's mentoring programme for Part I and Part II architecture students. Her integrity, warmth and deep commitment to development underpin her work with industry partners, including her engagement with Ravensbourne University London. She is honoured today for supporting our students' transition from education to industry.

Your certificate

We are proud to award you with our degree certificate, whose design is inspired by the two rivers of Ravensbourne's history. The lines flowing along the left of the certificate represent the flow of the River Ravensbourne, from where the University gets its name. The dotted pattern winding across from left to right represents the River Thames as it curves around the Greenwich Peninsula, which has been Ravensbourne's home since 2010.

The University Mace

The Mace is the symbol of governing authority and is carried before the Presiding Officer at graduation ceremonies.

The modern design of Ravensbourne University London's Mace reflects the mission and vision of the university to develop people, ideas and innovation, all in collaboration with industry.

That the Mace was designed by BA (Hons) Product Design alumna, Anna Eerdmans, is a testament to the pedigree of innovative design with which the University has become synonymous.

Indeed, the design of Ravensbourne's Mace takes into careful consideration symbolism, heritage and local representation.

The Mace pays homage to Ravensbourne's origin and its founding members. The three-prong base represents the three colleges, Bromley School of Art, Beckenham School of Art and Sidcup Art College. These colleges combined to form Ravensbourne College of Art and Design in 1962, before Ravensbourne was awarded its university status in 2018.

Another prominent feature is the dome on top of the Mace, which takes inspiration from the famous Greenwich Observatory dome, representing technical

advancement, growth, and learning. The cubed section of the Mace represents Ravensbourne's iconic logo and the sun is a symbol of creativity and learning.

A lifelong connection

As a Ravensbourne University London graduate, your connection extends beyond your time of study. Your journey continues as part of our amazing alumni community. It's a place to stay inspired, keep curious and strengthen relationships.

Our network

We've launched The Network, an informative and collaborative space for our alumni to engage with Ravensbourne and each other after graduation. We are planning an exciting programme of events, resources and opportunity – just for you.

Getting involved and giving back

We believe that the strength of our alumni community lies in its shared knowledge and experiences. Our alumni find immense satisfaction in knowing that their journey can inspire today's students to reach their full potential and excel within their respective industries.

- We're seeking alumni who are willing to:
- visit their former schools or colleges
 - support in-course learning
 - visit us as a guest speaker
 - be a mentor or panellist
 - share their testimonials and achievements.

Join The Network and be part of our growing community of alumni. Scan the QR code below, tick the permission box and we'll be in touch with ways to get involved.

Click to join the community and find out more

Entrepreneurial support

StartUp Lab

Ravensbourne is home to StartUp Lab, an inclusive and collaborative mentorship hub which supports entrepreneurial students and graduates looking to launch their own business ventures.

StartUp Lab builds on our industry-focused curriculum by providing further guidance and opportunities for graduates pursuing their start-up ambitions.

Within our space we offer group programmes, workshops from business experts, access to one-to-one industry mentors, networking with investors, business planning and a professional sounding board from the StartUp team at Ravensbourne. Graduates can also work alongside founders and businesses in the space to collaborate and gain experience.

The latest ways you can get involved:

- We run six-month accelerator programmes for aspiring graduate entrepreneurs, designed to help you transform your ideas into reality. The next one will begin in November 2025 and you can apply now.
- As a founder on our accelerator programme you can apply for an alumni pass to access facilities to create content, record podcasts, and develop prototypes to elevate your business.
- We run weekly events and workshops in the hub from experienced founders and thought leaders, just get in touch to book.
- We can help you find student interns and support on projects to help progress your business.

Whether it's a lightbulb moment or a full business plan, get in touch with the StartUp Lab team.
