Welcome

Dear Graduate,

After a truly incredible year, I am delighted to welcome you and your guests to the 2025 graduation ceremony of Ravensbourne University London. Today, we celebrate all that you have achieved, and we recognise the vital support that those around you have provided during your studies.

It is undeniable that it has taken not only hard work, but grit, determination and creativity to complete your degree. As you progress to the next exciting stage in life – entering the working world – you should do so with confidence and pride. Regardless of what the future may hold for you; you should all remember that you have immense strength and tenacity which have helped you to succeed. We are proud to celebrate the whole class of 2025 for your perseverance. This cohort will be joining notable alumni and thought leaders – such as Richard Howarth and Andi Osho – who have previously completed studies at Ravensbourne and gone on to shine in their respective fields.

Throughout your time here, we have encouraged you to utilise the talent and industry links around you. We hope that you'll maintain the amazing connections that you've made and continue to discover how interdisciplinary collaboration can enrich your career. We would like to continue to

be a part of your journey and see what you get up to next; we really enjoy celebrating the many achievements of our alumni.

Please do keep in touch and remember that we are always here to offer career guidance and post-study opportunities. On behalf of everyone at Ravensbourne, I give you our heartfelt congratulations. I wish you the very best for the future and am entirely confident that you will all go on to achieve amazing things. Great opportunities await you and you can trust that you have the skills and determination to seize them.

I hope you and your loved ones make some wonderful memories today that you can cherish for years to come.

Best wishes,

Jon Kingsbury
Vice Chancellor
Ravensbourne University London

Farewell to Andrew Summers

As Ravensbourne University London celebrates another remarkable year of achievement and creativity, we also mark the end of an extraordinary chapter in our leadership. After six years of dedicated service, Andrew Summers steps down as Chair of the Board of Governors, leaving behind a legacy of vision, resilience and transformation.

Andrew joined Ravensbourne at a pivotal moment in its journey. With steady hands and a clear sense of purpose, he helped guide the university through the unprecedented challenges of the COVID-19 pandemic. Under his leadership, Ravensbourne not only weathered the storm but emerged stronger, more focused and more ambitious than ever before. As Andrew himself reflects, “Ravensbourne is a special place and it has been a privilege and a pleasure to chair the Board of Governors for the last six years. We successfully navigated the Covid pandemic in my early days and have since then doubled the size of the university, focusing it on the sought after creative, technology and business skills that industries demand.”

His tenure has been defined by growth and collaborative efforts. The university has expanded its reach, deepened its commitment to interdisciplinary excellence and continued to champion diversity and inclusion. Andrew’s pride in Ravensbourne’s students is palpable: “It has been especially satisfying to see how so many students from diverse backgrounds and nationalities have developed and moved on to successful careers.” His belief in the true power of education has helped shape a university that is bold, inclusive and future-facing.

As we bid farewell, we also look ahead with a sense of promise. Andrew leaves Ravensbourne’s Board of Governors in excellent hands, with Lisa Opie stepping into the role of Chair. “Ravensbourne has great potential,” Andrew notes, “and I am delighted that Lisa Opie will be taking over as chair and developing this special university into the future.”

We thank Andrew for his unwavering commitment, his thoughtful leadership and his deep belief in the power of creativity, business and technology to shape a better world. His impact will be felt for years to come, not only in the university’s continued evolution but in the lives of the students and staff he has championed throughout his tenure.

From all of us at Ravensbourne – thank you, Andrew.

Honorary Doctorates

Thomas Heatherwick CBE

Thomas is a globally-celebrated, visionary designer and fierce advocate for bringing joy, interest and humanity to our cities.

Over the past 30 years he has designed soulful new districts, cultural landmarks and transport infrastructure across six continents, and now also campaigns to stop the epidemic of harmful, boring buildings that surround us all. These ideas are captured in his bestselling book 'Humanise: A Maker's Guide to Building Our World', published worldwide in multiple languages and editions.

Thomas founded his studio in 1994 to bring together architecture, urban planning, product design and interiors into a single workspace. The studio seeks to design public projects which embrace and celebrate the complexities of the real world.

From their studios in London and Shanghai, the team is currently working on over 30 projects in ten countries, including Seoul's Nodeul Island; London Olympia;

a new school for sustainable design in Bogotá; a mixed-use neighbourhood in Miami; and Singapore's Changi Airport's Terminal 5 in collaboration with KPF.

Previous projects include Azabudai Hills, a new neighbourhood in the centre of Tokyo; Little Island, a floating public park and performance space in New York City; Google's first ground-up campus in California; the London 2012 Olympic Cauldron; the Zeitz Museum of Contemporary Art Africa in Cape Town; and Xi'an CCBD, an astonishing new retail district in China.

Thomas and his team also run one of the largest educational programmes of any single art or design company in Britain.

Thomas has been appointed a Commander of the Order of the British Empire, a Royal Academician and in 2004 became the youngest Royal Designer for Industry. He is a leading global campaigner and lectures widely, including TED talks and broadcasts.

Jay Osgerby OBE

Jay Osgerby is widely recognised for his innovative contributions to contemporary design. He received a first-class degree in Industrial and Furniture Design at Ravensbourne University London (then Ravensbourne College of Art and Design), before going on to study Architecture at the Royal College of Arts where he met Edward Barber. Together, they founded one of the UK's most dynamic creative studios, Barber Osgerby.

Described as a "British design phenomenon" by the Financial Times, the studio has collaborated with some of the world's most progressive companies and boasts a diverse output that encompasses architecture, interiors, sculpture, product and exhibition design.

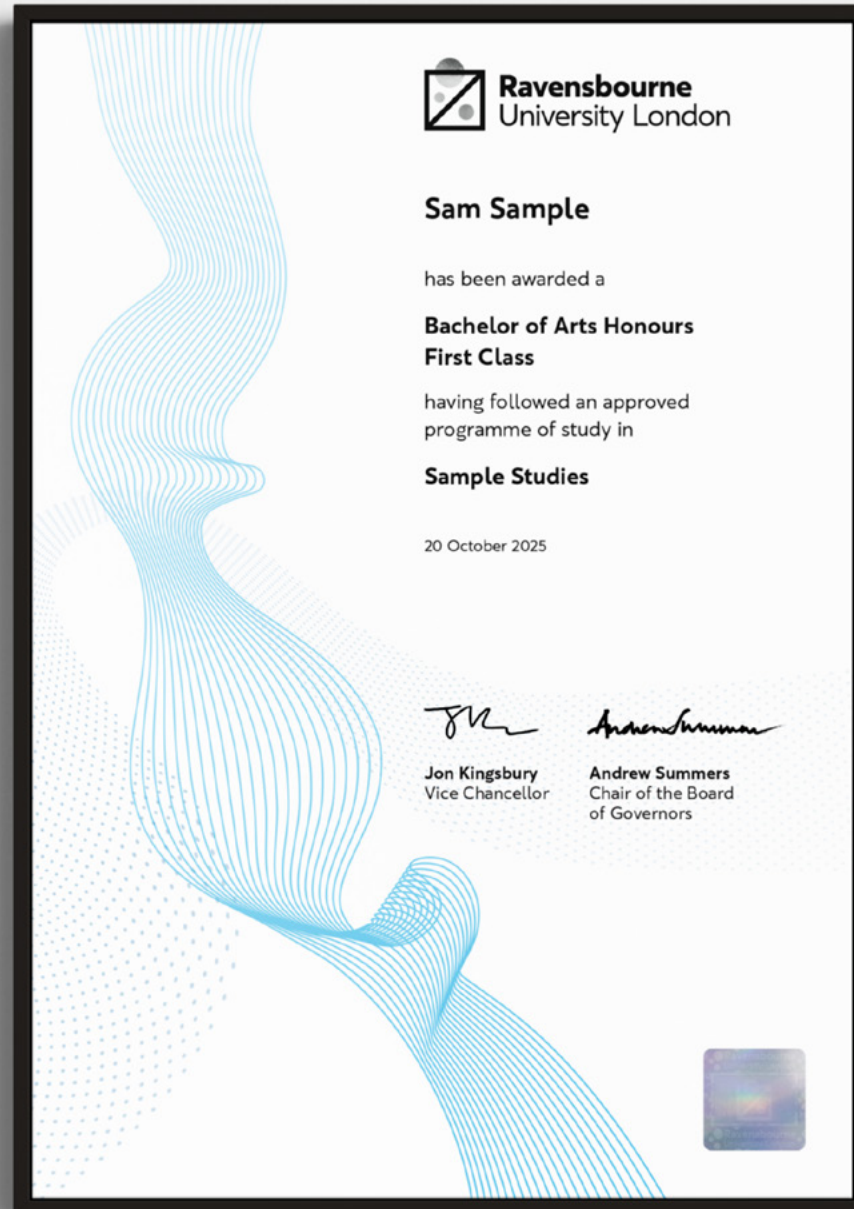

Jay has led projects ranging from the iconic Loop table for Isokon to the 100% recyclable TipTon Chair for Vitra, furniture for Cappellini, and lighting for Hermès and Louis Vuitton. Jay has received numerous accolades, including the Jerwood Prize in 2004 and Royal Designers

for Industry status in 2007. In 2013, he was appointed to the Order of the British Empire for services to the design industry, and in 2015, awarded the London Design Medal. His studio's work is held in the permanent collections of the V&A and the Design Museum in London, the Metropolitan Museum of Art, the Art Institute of Chicago, the Olympic Museum in Switzerland, and the Vitra Design Museum.

In 2001, Jay co-founded Universal Design Studio to operate alongside Barber Osgerby. Focused on workspaces, hospitality, retail and culture, the multi-award winning studio has become one of the world's most innovative creative design consultancies. In 2012, he co-launched the strategy-led industrial design consultancy Map Project Office, recognised by Fast Company as one of the 'Most Innovative Companies'. The studio has collaborated with forward-thinking organisations including Google, Group Lotus and IBM, contributing to quantum-centric supercomputing. In 2026, Barber Osgerby will celebrate its 30th anniversary.

Your certificate

We are proud to award you with our degree certificate, whose design is inspired by the two rivers of Ravensbourne's history. The lines flowing along the left of the certificate represent the flow of the River Ravensbourne, from where the University gets its name. The dotted pattern winding across from left to right represents the River Thames as it curves around the Greenwich Peninsula, which has been Ravensbourne's home since 2010.

The University Mace

The Mace is the symbol of governing authority and is carried before the Presiding Officer at graduation ceremonies.

The modern design of Ravensbourne University London's Mace reflects the mission and vision of the university to develop people, ideas and innovation, all in collaboration with industry.

That the Mace was designed by BA (Hons) Product Design alumna, Anna Eerdmans, is a testament to the pedigree of innovative design with which the University has become synonymous.

Indeed, the design of Ravensbourne's Mace takes into careful consideration symbolism, heritage and local representation.

The Mace pays homage to Ravensbourne's origin and its founding members. The three-prong base represents the three colleges, Bromley School of Art, Beckenham School of Art and Sidcup Art College. These colleges combined to form Ravensbourne College of Art and Design in 1962, before Ravensbourne was awarded its university status in 2018.

Another prominent feature is the dome on top of the Mace, which takes inspiration from the famous Greenwich Observatory dome, representing technical

advancement, growth, and learning. The cubed section of the Mace represents Ravensbourne's iconic logo and the sun is a symbol of creativity and learning.

A lifelong connection

As a Ravensbourne University London graduate, your connection extends beyond your time of study. Your journey continues as part of our amazing alumni community. It's a place to stay inspired, keep curious and strengthen relationships.

Our network

We've launched The Network, an informative and collaborative space for our alumni to engage with Ravensbourne and each other after graduation. We are planning an exciting programme of events, resources and opportunity – just for you.

Getting involved and giving back

We believe that the strength of our alumni community lies in its shared knowledge and experiences. Our alumni find immense satisfaction in knowing that their journey can inspire today's students to reach their full potential and excel within their respective industries.

- We're seeking alumni who are willing to:
- visit their former schools or colleges
 - support in-course learning
 - visit us as a guest speaker
 - be a mentor or panellist
 - share their testimonials and achievements.

Join The Network and be part of our growing community of alumni. Scan the QR code below, tick the permission box and we'll be in touch with ways to get involved.

Entrepreneurial support

StartUp Lab

Ravensbourne is home to StartUp Lab, an inclusive and collaborative mentorship hub which supports entrepreneurial students and graduates looking to launch their own business ventures.

StartUp Lab builds on our industry-focused curriculum by providing further guidance and opportunities for graduates pursuing their start-up ambitions.

Within our space we offer group programmes, workshops from business experts, access to one-to-one industry mentors, networking with investors, business planning and a professional sounding board from the StartUp team at Ravensbourne. Graduates can also work alongside founders and businesses in the space to collaborate and gain experience.

The latest ways you can get involved:

- We run six-month accelerator programmes for aspiring graduate entrepreneurs, designed to help you transform your ideas into reality. The next one will begin in 2026 and you can apply now.
- As a founder on our accelerator programme you can apply for an alumni pass to access facilities to create content, record podcasts, and develop prototypes to elevate your business.
- We run weekly events and workshops in the hub from experienced founders and thought leaders, just get in touch to book.
- We can help you find student interns and support on projects to help progress your business.

Whether it's a lightbulb moment or a full business plan, get in touch with the StartUp Lab team.
